WILLIAM GUISE BRITTAN,
 Chief Commissioner Waste Lands Board.

Land Office, Christchurch
 21st July, 1874.

Christchurch, June 15, 1874.

TO THE CHAIRMAN OF THE BOARD OF EDUCATION.

SIR,—We have the honour to report that during the past fortnight we have examined seventy-four candidates for scholarships—twenty in Class A, twenty-six in Class B, nineteen in Class C, and nine in Class D. The results are shewn in the tables of marks which we enclose.

In Class A, the first three boys—Cohen, Grossman, and Partridge—may be regarded as equal; a difference of five marks in such a total being almost inappreciable. The next three boys—Rowe, Round, and Watson—run very close together, and at no great distance from the first three.

Wake, Rogers, and Nairn head the list in Class B; while Fuller and Green, with a tie, and several others who are nearly equal, follow at a considerable interval.

The best names in Class C are Atack, Deamer, and Sword; but Hartland is only six marks below the last named.

Barclay and Innes are first and second in Class D. We notice that Lough, who described himself as belonging to Class C, and took the papers of that class, was entered for Class B. While regretting that the mistake occurred we are of opinion that it has not affected his chance of a scholarship.

Cookson, in Class A, did not give in his spelling paper; and consequently his position in the list is lower by one or two places than it ought to have been. G. and L. Martin were absent during the time of examination in history.

We wish to call the attention of the Board to the fact that, as in former occasions, several candidates have presented themselves who were altogether unprepared for such an examination. Of the seventy-four boys examined, nineteen failed to obtain one-third of the aggregate maximum of marks, and eight fell below one-fourth. We understand that in some cases names were entered by the parents without the knowledge of the teachers, and even against their wish. We beg to suggest that, in order to avoid needless expense and trouble, and to protect the reputation of teachers and schools, means should be adopted (as by requiring that the application shall be approved by the master) to confine the competition to boys who are likely to acquit themselves reasonably well.

We have the honour to be, Sir,

Your obedient servants,

WM. JAS. HABENS, B.A.,

J. V. COLBORNE VEEL, M.A.
