VOL. V. AUCKLAND, SATURDAY, NOV. 27, 1852. No. 29.

Colonial Secretary's Office, Auckland,  
26th November, 1852.

HIS Excellency the LIEUTENANT-GOVERNOR has been pleased to direct that the following Provisional Regulations and Agreement should be published for general information.

By His Excellency's command,  
ANDREW SINCLAIR,  
Colonial Secretary.

COROMANDEL GOLD FIELD.

PROVISIONAL REGULATIONS.

WHEREAS arrangements have been made by the Colonial Government with the Native Owners of certain portions of Land in the neighbourhood of Coromandel, in the district of Auckland, with a view to the management of the Gold Field which has recently been discovered therein, His Excellency the Lieutenant-Governor has been pleased, with the advice of the Executive Council, to direct the publication of the following Provisional Regulations, under which Licenses may be obtained to dig, search for, and remove alluvial Gold, on and from the portions of Land above referred to, as also on and from the demesne Land of the Crown in the said district: *And whereas*, with a view to render the remaining portions of the said Gold Field speedily available to the public generally, and on equal terms, it is expedient that no person shall, without due authority, dig, search for, or remove Gold on or from such portions of the

said Gold Field until they shall have been placed under the management of the Colonial Government, and the public are hereby warned that no such License as aforesaid will at any time hereafter be granted to any person who shall, without due authority, dig, search for, or remove Gold from any portion of the said Gold Field which shall not have been made subject to the Government Regulations:—

Regulations for the working of matrix Gold combined with Quartz or any other rock, remaining in its original place of deposit, will be published as soon as conveniently may be, and as occasion may require.

Regulations for the working of Gold on Land alienated by the Crown in fee simple, will shortly be made public.

All alluvial or matrix Gold procured without due authority, within the district aforesaid, will be liable to be seized, in whose possession soever it may be found.

From and after the 1st day of December next, no person will be permitted to dig, search for, or remove Gold on or from any Land, public or private, within the said district, without taking out a License in the form hereunto annexed.

Every such License shall continue in force for one calendar month, and shall commence and take effect on the 1st day of the month in which it shall be dated.

For every such License there shall be paid, in advance, the sum of one pound ten shillings. But if a License be taken out after the 15th of the month, one-half only of the said fee will be charged; provided that permits already is-

sued shall remain in force till the 1st day of January, 1853, without any charge.

The Licenses will be issued from the office of the Colonial Secretary, at Auckland, but they may be renewed on the Gold Field by a Commissioner.

No person will be eligible to obtain a License, or the transfer or renewal of a License, unless he shall produce a certificate of discharge from his last service, or show, to the satisfaction of the Officer by whom such Licenses may be granted, transferred, or renewed, that he is not a person improperly absent from hired service.

Any such License as aforesaid may be cancelled, in case the holder thereof shall be convicted, by competent authority, of the illicit sale of spirituous liquors, wine, ale, or beer, or of any disorderly or riotous conduct, endangering the public peace.

With a view to the security of person and property, and to promote peaceable and orderly conduct on the Gold-field, the name and description of every person who shall be convicted of the illicit sale of Spirituous or other Liquors, or of disorderly or riotous conduct on the field, will be forwarded to the officer by whom Licenses may be issued, transferred, or renewed, and no License will be granted or transferred to, or renewed in favour of, any person so convicted as aforesaid.

Persons found working alluvial Gold on any Land within the district aforesaid, without having previously paid the License Fee to the proper officer, shall pay £5 instead of the usual Fee for the first License he may take out, and, in default thereof, will be proceeded against according to law.

Every Person desirous of establishing a claim to a particular portion of unoccupied ground, by working, in the ordinary method, for Alluvial Gold, may have his claim marked out on the following scale, viz., not less than

- (1) 15 feet frontage to either side of a River.
- (2) 20 feet of the bed of a tributary to a river or main creek, extending across its whole breadth.
- (3) 60 feet of the bed of a Ravine or Water course.
- (4) 20 feet square of table-land, or river flats.

Such claim will be secured to the party for such time only as he may continue to hold a License for and work the same.

If any dispute shall arise in respect of any such claim, reference should be forthwith made by the claimant to the Commissioner, who is hereby authorized to hear and summarily determine the case upon the spot.

The owners of all claims who may employ men on hire to assist them in working alluvial Gold, and who may take out Licenses for them, will be entitled, on application to the Commissioner, to have the licenses of such men transferred to other Laborers. In every such case the License must be produced to the Commissioner, who will endorse thereon, without

any additional fee, the name of the Transferee.

Persons desirous of constructing Tram Roads, or forming Reservoirs or Dams on the Gold-field, for the purpose of washing Gold, must make application to the Commissioner for permission so to do: and any Tram Road, Reservoir, or Dam which may have been constructed with the requisite permission, will be reserved for the exclusive use of the applicant in case such Tram Road, Reservoir, or Dam shall not, in the opinion of the Commissioner, be detrimental to the public interest.
