New Plymouth, 15th October, 1861.
PERSONS cultivating Town land are particularly cautioned against burning furze and fern towards nightfall, the same being liable to mislead the garrison.

The inhabitants are likewise cautioned against throwing or causing offensive matter to be thrown or deposited in the Town ditches.

THE following letter from Colonel Warre, C.B., Commanding H.M.'s Troops Taranaki is published for general information, and the Superintendent trusts that it will be implicitly obeyed by the inhabitants of the Province.

CHARLES BROWN,
Superintendent.

Garrison Office,
New Plymouth, 14th October, 1861.
SIR,—I have the honor to request that you will inform the inhabitants of New Plymouth that, pending arrangements now in progress for the settlement of Native difficulties, it is not expedient that any intercourse shall take place between Europeans not authorised to do so and the Natives known to be inimical to Her Majesty's Government; and to desire that all Europeans shall abstain from visiting the Native settlements at Mataitawa, &c, on the north, and the settlements south of the Tapuae-ruru river. The Tataraimaka block being unoccupied and detached from the European settlements should not at present be re-occupied or visited by individuals; but His Excellency the Governor will not fail to give early attention to the isolated position of the owners of property on this land.

I have, &c.,
(Signed) H. J. WARRE, Colonel,
Commanding Troops Taranaki.

His Honor
The Superintendent of Taranaki,
New Plymouth.
